Painting with Friends groups meet together in a supportive environment to continue their art, encouraging and learning from each other. They paint, draw, print, use collage etc. to create art without a tutor. Participants share their experiences and enjoy the company of fellow artists in an informal atmosphere. We are always keen to make new friends and welcome new members to our groups.

The Thursday afternoon session is suitable for members wishing to use the etching press as it is the group with fewest members. Please ensure you have experience setting the press before using it. (you should discuss with Lindy 0407077610 before using the press for the first time)

As these untutored groups meet Tuesdays and Thursdays make sure you include the correct CODE for the group you want to join if doing a bank deposit.
